

Lancaster/Lebanon Reading Council invites you to...

Dr. Persida Himmele's Total Participation Techniques, Take Two!

The first edition of **Total Participation Techniques** made it into the hands of more than 200,000 educators, and was translated into Chinese and Arabic. This second edition offers more techniques and more content (35% more) and provides reflections learned after years of observing teachers implement TPTs in K-12 classrooms. This edition asks and answers the questions: What matters most about Total Participation Techniques? How do we get students beyond shallow understandings? Join the Lancaster Lebanon Reading Council for this cozy evening with the author, where she'll talk about the techniques, lessons learned, and invite dialogue for further research.

**Tuesday, December 5th
5:00-7:00 p.m.**
