Second Edition Mentor Texts

Teaching Writing Through
Children's Literature, K-6

Lynne R. Dorfman & Rose Cappelli

Foreword by Linda Hoyt

How do we get students excited about writing? This interactive presentation will explore the role of mentor texts in the writing workshop to help students and teachers view themselves as confident writers. Teachers will discover how they, as

well as their students, can study mentor texts to make informed decisions throughout the writing process. Participants will learn how to help students read like writers and use mentor texts to imagine the possibilities for their own writing. **Join us for an energizing night of sharing and learning.
